To make our jobs easier, here is the text from the attachment....Can we just use an edited version of this?

The USEPA has received your letter regarding the Rosemont Copper Mine project. We appreciate your interest.

As might be expected for any project of this size and scope, a broad diversity of complex issues have been identified throughout the permitting and review process for the Rosemont mine. EPA has worked with federal, state, and local agencies and stakeholders, including the US Forest Service, US Army Corps of Engineers and Rosemont Copper Company, throughout the process to help identify some of these issues and potential solutions in the hope that they may be addressed in the most appropriate and timely manner possible. We have prepared a number of public letters containing our concerns and recommendations related to the environmental review and permitting of the project. If you would like to read our comments on the Forest Service's Draft Environmental Impact Statement or our comments on the Corps' Clean Water Act Public Notice, please see our website at:
<http://www.epa.gov/region9/nepa/letters/az/RosemontCopperProjCoronadoNatForDEIS.pdf> and <http://www.epa.gov/region9/nepa/letters/az/RosemontEpa3bLtr.pdf>, respectively.

The Forest Service and Army Corps are the decision-making federal agencies tasked with issuing the Final EIS/Record of Decision and the CWA 404 permit, respectively, for the Rosemont Copper Mine Project. EPA will continue to work with them to seek resolution of the concerns that we have raised.

Subject: closing out red folders related to Rosemont Copper project

Good Morning ladies, . We have received a ton of duplicate letters regarding this same issue attached you will find a draft of the letter that has been and will be sent regarding this matter.

Thanks ☺

CED was given 12 controlled correspondences with control numbers ranging between AX-13-001-0842 and AX-13-001-1258 to respond to by 11/8/13. Attached is the template for the response I sent. I used the "mail merge" function of Word in conjunction with the attached excel spreadsheet such that each person's name and contact information was personalized in each letter. I signed and sent the hardcopy responses on 11/8/13.

Thanks.

- Carter
